Amended definition of 'latest retirement age'

Effective immediately, the College Pension Plan Regulation will no longer refer to a specific age in its definition of latest retirement age. Instead, it will refer to the age described in the *Income Tax Act*.

Active members contribute until the end of November in the year they reach age 71 or until they accrue 35 years of service, whichever is earlier. The latest a member can begin to receive monthly pension payments is December of the calendar year in which they reach age 71.

If you have any questions or concerns about this change, please contact the College Pension Plan in Victoria at 250 953-4324, or toll-free in B.C. at 1 888 440-0111.
